

Household Refuse

Collection Days: Tuesdays and Fridays

Please only use black disposal bags, and please kindly put the black bags in a dedicated bin room, or in the green wheelie bins.

Dolphin Coast Waste does supply black bags, but they are limited to two per household.

Dolphin Coast Waste is normally here in the morning and will also come and pick up on a public day which falls under our collection days.

Garden Waste

Collection Days: Monday

Please kindly use the white garden refuse bags, which can be purchased at Coastal Farmers in Umhlali or at Mica.

Garden refuse collection bags are to be placed on the street verge or pavement in front of the resident's home.

Recycle Waste

Collection Days: Thursday

Plastic, glass, and paper recycling. Please kindly use the clear polythene recycling bags which can be purchased at Crazy Stores or Dolphin Coast Waste Management in Shakashead. Please note the recycling truck will come around and generally hand one bag back to the owners. We kindly ask if you can fold down all your cardboard boxes. If in a complex within the estate, please kindly use the bin room. At this stage there is no need to separate our recycling waste, as they currently do this at the dump in Shakashead.

For a more detailed letter regarding waste, please kindly send an email to admin@elalenihoa.co.za
